COMISKEY TO USE

VERNON INFILDER.
Los Angeles, July 26.—Charles Comiskey, president of the Chicago Americans, notified the Vernon baseball club today he had decided to exercise his option on C. Risberg, an infielder, and asked that Risberg be sent east as soon as possible.

IOWA CHAMPION DOWNED.

Des Moines, Ia., July 26.—Fred Bradley of Des Moines, central Iowa tennis champion, and regarded as the best pet for the 1916 state championship, was put out of the running in the fifth round this afternoon on the courts of the Golf and Country club by Joe Van Ginkle, also of Des Moines, after three hard fought sets. 7-5, 6-1, 7-5.

GOSSIP OF THE BASEBALL FANS

The complexion of the Pacific Coast league pennant race was changed materially yesterday with the announcement that Comiskey will immediately exercise his option on Swede Risberg, the hustling Vernon infielder. Ham Patterson will look a long way before he finds a man to plug the hole left in his club by the removal of Risberg. The Vernon team's game, both on the offense and attack, was more or less built around the Scandinavian. He is a splendid fielder and vicious with the stick. Infielders of his class are not to be found loose at this stage of the season, either. If his going causes the Tigers to cease being pennant contenders a new problem in Coast league prophecies is created.

Proof conclusive that Walter Mc

Credle is master of the fitful Portland weather is furnished by yesterday's game. Mas has a combination that is hard to beat. When his pitcher falls him he gets into a corner, later a thumping all he has to do is signal to the weather man and Old Jupe gets busy. It's King-ex, as it were.

Here's hoping the Angels' fangs went with the Chance tooth. Frank had one pulled yesterday.

To the most uninitiated of fans it now becomes apparent that Dickey Bayless has grabbed permanently that right field job and left Shinn on the bench as utility outfielder.

MISS HARRIS WINS COMMERCE STAKE

Detroit, July 26.—Miss Harris M., a daughter of Peter the Great, beautifully driven by Lon McDonald, this afternoon won the \$5000 Board of Commerce stake for 2-06 pacers, the feature event of the second day's Grand Circuit program. Incidentally, McDonald drove the Indianapolis mare into a world's record for two consecutive heats by a 4-year-old mare, and also established a new record for the Board of Commerce stake, heretofore known as the Chairman of Commerce stake. The new mark for the stake was set in the first heat, which was covered in 2:01 1/4, and the world's record was completed when Miss Harris M. negotiated the second mile in 2:10 1/4.

Miss Harris M. Completely outclassed the field in the first two

FRED TONEY AND BLUE JACKET ARE GIANTS OF THE TWIRLING BUSINESS

Left to right: Fred Toney and Blue Jacket.

Fred Toney, the Cincinnati Reds' star hurler, and Blue Jacket, the Indian pitching recruit recently turned back, are the two largest pitchers in the game at present. Blue Jacket—who says his last name is Jacket and his first name Blue—is six feet nine inches, and Toney is six feet six,

beats. In the first mile McDonald held her back until the three-quarter pole. Here he let her out and the bay mare in fourth place, with a tremendous burst of speed, overcame the lead of Goldie C. and won by a length. The second heat was virtually a repetition of the first, McDonald driving his mare in several lengths ahead of Sadie Densmore. The third heat furnished the real fight of the race, Miss Harris M. winning in a gruelling finish, with Savoy, Sadie Densmore and Billy Dale. Billy Dale led to the three-quarters, with Miss Harris M. in second place. At this point the field closed in and the finish was so close that many of the spectators were uncertain as to which had won.

Harold Creek Wins.

The 2:12 trot for 3-year-olds, with \$500 added, was captured by Harold Creek, which took the last two heats from Expressive Lou. The latter, which was picked to win the event on the strength of her showing at North Randall last week, took the first heat with little trouble, but lost by a nose in the second and was so far behind in the third that Murphy slowed down before reaching the finish. The last half of the second heat was stepped in 1:01 1/4.

The other event on the card today was the 2:12 pace, which went to Patrick M., while Dexter Direct and Dulmster also took a heat each. The decision went to Patrick M., under the placing system in effect. The second heat, won by Dulmster, provided the best contest, the finish being so close that only the judges could separate them.

Tomorrow the historic Merchants and Manufacturers' \$10,000 stake for 2:08 trotters will be run off. A large field is entered for this classic.

FLEEING YOUTH IS SHOT BY OFFICER

Salt Lake, July 27.—Eugene Hall, 19 years of age, of 1007 East Ninth street, is at the emergency hospital painfully aware of the futility of running when ordered to stop by a policeman. Young Hall, with a friend, Fred Solis, was walking along Sixth South between West Temple and First West at 1 o'clock this morning and is said to have been creating considerable disturbance. Patrolman H. Warden arrested the boys and took them onto the front porch of a residence, from which he was going to call the patrol wagon.

Hall jumped over the porch railing and ran, profanely inviting the officer to shoot. Warden called to him to stop, but when he continued to run, fired two shots into the air and two shots at the fleeing Hall. One of the shots struck Hall in the thigh.

At the emergency hospital Hall was treated and found to be in no danger. Patrolman Warden, who joined the force in April, went to see the victim. And as soon as Hall saw the officer he put out his hand and said:

"Say, officer, you gave me just what I had coming and I don't blame you at all. You won't catch me running when a cop tells me to stop after this."

It was the first time that Warden has shot at a man he was arresting.

J. Hull and the following lieutenants: Frank Wilson, G. I. Slingerland, L. L. Swanson, Earl Johnson, Cort Peake, Ike Troup and Phil Bullock.

He was immediately arrested on a complaint charging him with using abusive language to City Commissioner LeRoy Dixon on July 1. Bray took till tomorrow to plead and, in default of \$100 bail, was again committed to the custody of Chief of Police Jesse Manwaring.

SALT LAKERS SEE THE DEUTSCHLAND

Salt Lake Tribune: E. W. Kelly, past exalted ruler of the Salt Lake lodge of Elks and a delegate to the Elks' grand lodge reunion at Baltimore, is the first Salt Laker to return from the east and give his impressions of the German submarine "Deutschland" from a first-hand view of the famous undersea craft. Mr. Kelly returned home yesterday. While in Baltimore he took time to go down to the docks for a glimpse of the Deutschland.

"There really isn't much that I can say about the boat, except that it looks like the pictures that have been printed throughout the country," declared Mr. Kelly. "In a general way it looks like other submarines only a great deal larger."

"I didn't go on the boat, but I had the pleasure of meeting Captain Koenig. He and other officers of the craft were stopping at the Belvidere hotel where the grand lodge of Elks had established headquarters. I just met him and that was about all. Hundreds of people were standing around waiting for an opportunity to meet the captain and there was little time for conversation. He speaks English with a decided German accent and seemed a very pleasant sort of a fellow. The hotel was crowded all day and half the night with persons who called to congratulate the captain and his officers on the success of his undertaking."

Hot in Baltimore. Mr. Kelly votes the Baltimore convention a big success, the only disagreeable feature, in his estimation, was the excessive heat. But Baltimore did not have a monopoly on the hot weather, as he discovered on visits to Washington, New York and Chicago.

Unprecedented activities in all lines of industry, bumper crops and steadily rising prices were found in all sections through which Mr. Kelly passed. So great is the demand for the products of the factories that practically all manufacturing concerns east of the Missouri river are far behind with their deliveries, according to Mr. Kelly.

As to the political situation in the east, Mr. Kelly expressed the opinion that Hughes is the favorite among the business men, although Wilson has a strong following. While Hughes seemed to be a favorite with the men whom Mr. Kelly interviewed the general impression gained was that the race for president would be close.

Praise Governor Spry. "In Governor Spry Utah has a national character," Mr. Kelly declared. "At the Baltimore convention as soon as any of the delegates learned I was from Utah their first observation was 'That's some governor you have; he has nerve and the backbone to stand up for what he believes is right.' On his stand in the Hillstrom case Governor Spry attracted the admiration of the nation at large and on account of his activities at national conferences he has won wide recognition."

"But we have another Utah man who has gained a reputation outside of the state, among the Elks, especially. By this work in building the national Elks' home at Bedford, Va., P. J. Moran has established a lasting reputation in Elksdom. I didn't visit the new home, but the report of the officers presented at the convention was full of praise for Mr. Moran, and I was told that the building is a work of art, as well as of the highest type of construction."

AUNTIE—I think the J. P. O'Neill Construction Co. They are a very large firm and I understand, a most reliable one. I have investigated them thoroughly and find that they have good references from all of the people who have employed them.

LUCILLE—Do be sure Auntie, because a walk is a permanent thing, and when it cracks and chips off it is most undesirable.

DELLA DAYNES HILLS IS GRANTED DIVORCE

Salt Lake, July 27.—Coupled with an agreement providing terms of separation, a decree was issued yesterday by Judge F. C. Loofbourn granting a divorce to Della Daynes Hills from Lewis B. Hills. The complaint, with the signed articles of agreement, was filed and the decree granted in less than thirty minutes.

The complaint charged cruelly on the part of the defendant, and stated that the instances had been so numerous that no specific instances could be cited. It was alleged in a general way that the plaintiff wife had been caused great mental distress and physical suffering through the unmanageable temper of the defendant, that he frequently had approached her "in a threatening and hostile manner" and had used "threatening and abusive language"

toward her. When she had attempted to escape by running into other rooms it was alleged, the defendant had blocked the plaintiff and prevented her flight. The complaint also alleged that the defendant had "conducted himself as if he were insane." The allegation was also made that the two children of the family would at times flee from the father in terror.
